Dear Partner in Prevention,

Suicide is the second leading cause of death for young people between the ages of 10 and 24. There is good news, suicide is preventable.

The mission of the Connor's Climb Foundation is to provide suicide prevention education to New Hampshire Youth and the community. Our work is raising awareness, reducing stigma, and equipping youth, educators and the community with life saving resources.

It Takes a Village...

May 4, 2019 is the seventh annual Connor's Climb Foundation 5K & Family Walk in Exeter, NH. **We are requesting your support as a sponsor for this event.** All funds raised directly support Connor's Climb's ability to provide suicide prevention education programming in schools and communities. To date, we have supported over 60 schools across New Hampshire.

Please join us to help build a community of support for this important cause. This is an uplifting, family focused event that will draw over 500 individuals.

Connor's Climb Foundation is making a difference and saving lives.

Please help us continue our mission and grow our impact.

Gratefully,
Candice Porter, Executive Director
Candice.Porter@ConnorsClimb.org
